Re: Waiver Docket A 2011-98 Waiver for filing electronically

Dear Secretary,

The enclosed request for a waiver for filing electronically is the original signed document which was faxed to your office 10/27/2011. At the time of faxing it was not certain a faxed document would be accepted as appropriate means of transmittal requirements. This mailed version is intended only as a backup to insure appropriate requirements have been met.

After working with your staff person (Joyce) in Dockets, it is unlikely we will be able to resolve the electronic problems creating the need for this waiver in the time to meet the next deadline (11/2/11.)

Thank you for your review and action on this matter.

David Smith
